ISCO & THE ISCO NEWSLETTER

The ISCO Newsletter is published weekly by the International Spill Control Organisation, a not-for-profit organisation supported by members in 45 countries. ISCO has Consultative Status at IMO, Observer Status at IOPC Funds and is dedicated to raising worldwide preparedness and co-operation in response to oil and chemical spills, promoting technical development and professional competency, and to providing a focus for making the knowledge and experience of spill control professionals available to IMO, UNEP, EC and other organisation.

ISCO COMMITTEE & COUNCIL

ISCO is managed by an elected executive committee members of which are **Mr David Usher** (President, USA), **Mr John McMurtrie** (Secretary, UK), **Mr Marc Shaye** (USA), **Mr Dan Sheehan** (USA), **M. Jean Claude Sainlos** (France), **Mr Kerem Kemerli** (Turkey), **Mr Simon Rickaby** (UK), **Mr Li Guobin** (China), **Captain Bill Boyle** (UK) and **Mr Dennis van der Veen** (The Netherlands).

The Register of ISCO Members is maintained by **Ms Mary Ann Dagleish** (Membership Director) and the list of members is on the website at www.spillcontrol.org

The Executive Committee is assisted by the non-executive ISCO Council composed of the following national representatives – **Mr John Wardrop** (Australia), **Mr Namig Gandilov** (Azerbaijan), **Mr John Cantlie** (Brazil), **Dr Merv Fingas** (Canada), **Captain Davy T. S. Lau** (China, Hong Kong), **Mr Li Guobin** (China, Mainland), **Mr Darko Domovic** (Croatia), **Eng. Ashraf Sabet** (Egypt), **Mr Torbjorn Hedrenius** (Estonia), **Mr Pauli Einarsson** (Faroe Islands), **Prof. Harilaous Psarafitis** (Greece), **Captain D. C. Sekhar** (India), **Mr Dan Arbel** (Israel), **Mr Sanjay Gandhi** (Kenya), **Mr Joe Braun** (Luxembourg), **Chief Kola Agboke** (Nigeria), **Mr Jan Allers** (Norway), **Capt. Chris Richards** (Singapore), **Mr Anton Moldan** (South Africa), **Dr Ali Saeed Al Ameri** (UAE), **Mr Kevin Miller** (UK) and **Dr Manik Sardessai** (USA).

Interspill 2015 Supplement

This is a hard copy of a supplement issued with ISCO Newsletter 475. The free ISCO Newsletter is distributed electronically every week to around 2,300 readers in more than 50 countries. You can access the complete Newsletter under News at www.spillcontrol.org where you can also add your name to our mailing list.

ISCO Members at Interspill

Exhibitors, New Product Launches, Conference and other Presentations by ISCO Members

INFO ON WHAT'S NEW FROM OUR MEMBERS AT THIS YEAR'S SHOW AND DETAILS OF MEMBERS' PRESENTATIONS ARE HIGHLIGHTED IN RED

ISCO MEMBERS IN THE EXHIBITION HALL

A 04	MARKLEEN
	Markleen Oil Spill Technology delivers total solutions for any given application based on the customer's specific needs and requirements. Richard Hill, Managing Director giving a presentation on "Shaping the Future" at 16.30-16.45 Tues. 24 March at Spill Industry Seminar in the Exhibition Hall.

A 15	UK SPILL ASSOCIATION
	The UK Spill Association (UKSpill) represents companies, organisations and individuals working in the oil and chemical spill response industry in the UK as a national trade body, and comprises spill responders and consultants, and product manufacturers. UKSpill is recognised by the UK Government, and its Trade, Environmental and Maritime Agencies.

A 40	ASCC
	ASCC provides the skills as well as the software and tools to help you to prevent spill or be prepared to react to spills instantly when they occur in an efficient and user friendly but sophisticated manner. ASCC is specialized in spill prevention, control, preparedness and response in the oil and gas industry. Dennis Van der Veen will be giving a short presentation at the ISCO AGM – Project for improving oil spill preparedness in the Dutch Sector of the Wadden Sea

A 40	KOSEQ
	Koseq is a designer, manufacturer and worldwide supplier of dynamic, mechanical oil spill recovery equipment. With the Rigid Sweeping Arm systems, we provide a time-effective and efficient method to respond to oil spill incidents with proven results worldwide. Ruud Kersten, Project Manager, Koseq – presentation on Dynamic Preparedness. 1230-12.45 Wed. 25 March at Spill Industry Seminar.

BECOME A MEMBER OF ISCO

Enjoy all the benefits of membership of this worldwide organization and support the continuing publication of the ISCO Newsletter. **Joining forms and more info about ISCO are available in the Ruby Lounge, upstairs between the Exhibition and Conference Rooms.**

PROFESSIONAL MEMBERSHIP

Advance your career by gaining Professional Recognition

Professional recognition is a visible mark of quality, competence and commitment, and can give you a significant advantage in today's competitive environment.

All who have the relevant qualifications and the required level of experience can apply for Professional Membership of ISCO.

The organization offers independent validation and integrity. Each grade of membership reflects an individual's professional training, experience and qualifications.

You can apply for Student Membership, Associate Membership (AMISCO), MEMBERSHIP (MISCO) OR FELLOWSHIP (FISCO)

Go to www.spillcontrol.org and look under "Membership" on the menu bar

[To receive the free ISCO Newsletter](#)

Go to www.spillcontrol.org and enter your name and email address in the Registration Form (located on the right hand side of the home page) then click on "SUBSCRIBE"

A 40	OIL CONTROL SYSTEMS
	Oil Control Systems is a one stop company who delivers the complete range of spill response products. We represent Desmi, Elastec and many other well known companies for The Netherlands and Belgium. We are also specialised in Silt Screens / Curtains. For a custom made solution - call us !

A 40	NORTEK B.V. - SEADARQ
	Do you see spill too late ? Use the Nortek SeaDarQ Oil Spill Detection Radar. You will detect spills in an early stage in a reliable way due to our sophisticated algorithms. The system can be applied on ships and on platforms. The new SeaDarQ online software allows you to monitor remotely and to receive alarms.

A 65	AYLES FERNIE INTERNATIONAL
	AYLES FERNIE INTERNATIONAL specialises in the design and manufacture of oil dispersant spray equipment which includes portable BOATSPRAY & installed CLEARSPRAY Marine systems and the NIMBUS range of systems for fixed wing aircraft. A BOATSPRAY 100-TS with the AFEDO Even Dropout Nozzles will be displayed at the exhibition. Spill Industry Seminar Presentation – Bill Fernie will be giving a presentation on Tuesday 24th March at 1615 on "What Makes and Effective Dispersant Application System"

A 75	MEKE MARINE
	Turkey's first Spill Response and Marpol Company. MEKE is active in the field of Oil & HNS Spill Response Services, Training, Engineering, OSRV construction and operations, equipment rental at Black Sea, Caspian Sea, Mediterranean Sea, Atlantic and Indian Oceans and 3 Continents: Europe, Asia, Africa with the employees from 12 nationalities.

B 30	VIKOMA INTERNATIONAL
	Manufacturer of Oil Spill Response Equipment Peter Hoyle, Regional Sales Manager, Vikoma International Ltd will be giving a presentation on Successful Containment During Ship to Ship Operations at 15:45-1600 Tuesday 24 March at Spill Industry Seminar 1 in the Exhibition Hall.

B 61	RUTTER INC.
	Rutter Inc., headquartered in St. John's, Canada is a developer of advanced radar signal processing technologies for marine safety, security, and environmental monitoring and protection. The product line includes the sigma S6 Ice Navigator, Small Target Surveillance, Oil Spill Detection as well as the WaMoS II wave and current monitoring system. Edward Short, Radar Products Manager, Rutter will be giving a presentation "Multi-Purpose Sensing Technologies – Constructing an Integrated Spill Response Network" on Wed. 25 March at Sensing and Surveillance: Part 2, 16.00-17.30 in the Conference Suites.

B 80	ELASTEC / AMERICAN MARINE
	Elastec celebrates 25 years of keeping our world clean in 2015. Manufacturing oil spill response equipment: drum & grooved disc skimmers/oil containment boom/Hydro-FireboomTM/ vacuum systems/ BoomVaneTM/ dispersant systems/workboats. Floating barriers: SiltMaxTM turbidity curtains, trash/debris boom. Incinerators: MediBurn/Drug Terminator/SmartAsh.

C 20	LAMOR CORPORATION
	Lamor Corporation offers solutions for optimal oil spill response and recovery. The company develops, manufactures, and supplies best available technology OSR equipment, training and services. Included in its portfolio of solutions, Lamor offers contingency planning, risk assessments coupled with equipment maintenance. Andrew Crawford, Senior Vice President will be giving a presentation on Recent Developments in the Mechanical Recovery of Oil in Ice. Wed. 25 March 11.30-11.45 at Spill Industry Seminar, Exhibition Hall.
C 60	NORLENSE AS
	NorLense is one of the world's leading companies within the development and manufacturing of Oil Spill Emergency Equipment and Inflatable, high pressure Tents. During 35 years of experience NorLense holds a very high degree of expertise and an excellent reputation within oil protection, preparedness and training. NorLense will work with you every step of the way to a full oil spill recovery system that fits your needs. From design, choice of equipment, training of personnel and even on-scene command at your request.
C80	ALLMARITIM
	AllMaritim AS is a leading supplier in the international oil spill response industry and has been engaging in sales and marketing of oil spill response products since 1988. Today, we are recognized in more than 30 countries providing the best possible oil spill response solution to the benefit of our customers and the environment for over 25 years.
C80	MMB
	MMB is a independent OSR Company in Norway. Main services are education&training in practical OSR, exercises, consulting, hire of OSR equipment, as well as operational management of oil spill response operations.
C 90	ALPINA BRIGGS
	Alpina Briggs provides 24/7 oil and chemical spill response services, equipment sales, environmental studies, accredited training courses. The company operates Petrobras' CDAs (Environmental Defence Centres), with a total of over 60 operational bases across the Americas, including its own facilities.
E 06	FAST ENGINEERING LTD.
	FAST Engineering Ltd is a dynamic manufacturing company with 34+ years of experience in the Oil Spill Response Industry. We supply quality portable FASTANK containment tanks & bunds. The products are used globally by all the major responders. Our tanks & bunds are innovative, easy to use and robust making them the tank of choice in this industry.
E10	IMBIBER BEADS (IMBIBITIVE TECHNOLOGIES)
	IMBIBER BEADS® are the only "oil-sensitive" super-absorbent polymer (SAP) currently available anywhere in the world. IMBIBER BEADS® are "engineered" to absorb/imbibe a broad range of organic liquids including shale oil, diesel, crude oil, diluted bitumen, gasoline, BTEX type solvents and jet fuels + 1,000's of other organic chemicals.

E 40	CEDRE
	Since 1979 the Centre of Documentation, Research and Experimentation on Accidental Water Pollution provides consultancy and expertise to spill response decision makers. This mission covers both marine and inland waters, and all types of pollutants(oil, HNS). Cedre's services and expertise can be provided to authorities or private organisations. Science Workshop in Exhibition Hall: Tuesday 24 March 13.30-14.30 François Merlin, Head of R&D, Cedre will be chairing and giving a presentation on Chemical dispersion of oil in arctic areas, deep sea and tropical regions (mangroves). Toxicity and degradation of dispersants; Wednesday 25 March 10.00 – 11.00 Ronan Jézéquel, Cedre will be giving a presentation on Bioremediation; Wednesday 25 March 14.00-15.00 Stéphane Le Floch, Research Development Manager, Cedre will be going a presentation on HNS Pollution.
E 60	DESMI RO-CLEAN
	DESMI Ro-Clean A/S (DRC) range among the leading suppliers of equipment to the Oil Spill Response industry. Our equipment has been used in most major oil spill response operations around the world. We produce an extensive range of oil skimmers including disc, mop, weir, belt, brush, drum and vacuum systems.
F 04	ENVIRONMENTAL PROTECTION ENGINEERING
	EPE is one of the largest companies in Southeast Europe for the protection and clean up of the marine and industrial environment. EPE is a global company that designs, manufactures and trades environmentally friendly waste and waste water collection & treatment systems for shipbuilding industries.
F 40	SEA HOW
	SeaHow has decades of experience of oil spill response work and has constantly 10 vessels in 24/7 oil spill response preparedness. Based on this experience SeaHow has developed a new generation of oil spill response equipment, aimed specifically at ports, rivers, coastal areas and inland waterways.
F 81	BRAEMAR HOWELLS
	Braemar Howells Ltd is a leading Oil, Fuel and HNS/Hazmat incident response company. We offer 24/7/365 response throughout UK and worldwide as well as training and consultancy. Sectors include Ports & Harbours, Road & Rail, Inland & Marine. Our major customers include MCA, Network Rail, MoD, GDS, EA, Shell, Dow, BP and many more.
G 70	SWIRE EMERGENCY RESPONSE SERVICES (PTE) LTD.
	Swire Emergency Response Services (Pte) Limited is able to provide oil spill response services including spill management, equipment rental, training and independent consultancy advice to its customers to ensure they minimise the potential for incidents whilst being fully prepared and able to respond swiftly and effectively should one occur.
